International Trade Commission (ITC) Section 337 investigations move at an incredibly fast pace. And, the expense can be overwhelming. Our e-discovery fees are some of the most affordable out there. We have vast experience with the multitude of e-discovery tools so to keep your training costs low. We are able to pull together a talented e-discovery team of technical professionals who can expeditiously prepare your documents for your hearings, trials, and discovery process. And, in doing so, we can create a story timeline to highlight the progression facts in your trial situation. Our timelines can also be used for corporate governance issues to assist in the training and cooperation of your workforce.
